Profile

I am a 28-year-old Lawyer and Full Stack Web Developer with the ability to easily analyze and identify problems, managing new technologies with great ease and speed, without losing attention to detail.

Education

Professional internship for Globant - Project "Broken Office" (April 2023)
Plataforma 5 Full Stack Bootcamp (January - April 2023)
CS50x: Introduction to Computer Science, Harvard (November 2022)
Universidad Nacional del Sur (UNS), Bahía Blanca — Lawyer (2016-2021)
Universidad Nacional del Sur (UNS) — Accounting Student (2013-2015)

Projects and technologies

"Broken Office", mobile first application for reporting problems and damaged items in the offices or homes of Globant workers. Made with a team of 6 people in 4 weeks: **Node.js, Express, MongoDB Atlas, JWT, Socket.IO, Google Cloud (Storage and Maps), ML5, Teachable Machine, React, Redux, MUI, PWA and AWS.**

"The Mobile Factory", mobile e-commerce, with administrator users who can edit the products for sale and control common users. Made with a team of 5 people in 2 weeks: **Node.js, Express, SQL, JWT, React (Vite.js), Redux and MUI.**

"TMDB", web app that consumes "The Movie Database" API to show movies and series to a user, being able to register, add to favorites, and see favorites from other users. It was an individual project done in 4 days: **Node.js, Express, SQL, JWT, React, and Redux.**

Skills

English language, with both oral and written skills, enjoying a B2 level (**First Certificate in English**).

Versatility. I easily adapt to different work teams, occupying the position that is most useful for the group.

Leadership. I manage to coordinate and lead work teams by being organized, meticulous, communicative and having good technical skills.

Awards

Award given by the **UNS Law Department** for finding my final average (8.16) among the best five of the year 2021.

Award given by the **UNS Law Department** to my final degree thesis for being among the best five in 2021.
